I had an excellent visit. All her staff were friendly and nice taking time to answer all my questions. Her dental assistant Isabel and Dental hygienist Shawna were top notch and gave high quality care. I had a thorough dental cleaning. Dr Amy Modrall gave me a thorough exam and answered all my multiple questions about my dental issues. I recommend Forever Smiles

Dr. Abayomi is the best Dentist! She makes you feel like you're the most important patient. We moved 2 hours away but I still drive to have my dental work done at Forever Smiles in Mansfield. She is a wonderful person and Dentist. I wish I could give more stars.

I've gone to several dentist offices in the metroplex over a period of several years and, by far, this team is the most professional! The dentist explains each procedure beforehand and even the whys. They even provide the estimates of each procedure that's recommended. They get 5 stars for sure!!!

The office and dentist were very nice and professional. I went there for a 2nd opinion due to a chain place telling me I had 14 cavities, their office said only 4!!! Definitely big difference all the way around!

Professional, thoughtful, responsible dentistry at it's finest. The personnel are wonderful, nice and make you forget you're actually at the dentist. The dentist is Incredible! I would recommend them to all my closest friends. (But should I keep this great find to myself? 😊) Had a cleaning today 04/25/22. The Hygienist was WONDERFUL. She was meticulous, tenacious on the troubled spots. Wonderful since of humor. They really make going to the dentist much more pleasant than any other dentist I have seen. INCREDIBLE!

I'm a very nervous dentist patient, but everyone at the office that I have worked with is awesome. Dr Modrall is fantastic and today I received my first cleaning at this clinic and it was one of the most gentle cleanings I have ever received. I would definitely recommend this dentistry clinic.

Excellent service. Very timely. Never a wait. Very clean. Friendly and skilled staff. Performs work needed - no upselling. Scheduling is effortless. Sufficiently staffed to met patients' needs without undue delay. You call. They answer. They talk to you. They serve you. It's the Chic-fil-a of general dentistry and orthodontics.

I have been seeing Dr Modrall for just over 2 yrs now. I have had quite a bit of dental work done unfortunately, but in all honesty, never by such a capable, caring group of people. From the desk, to the drill I feel like I have been given the best and fairest treatment available.

Isabel was an absolute riot. Lots of fun and she did her job well. I cant wait to come see her again.

I have been helping Amy Modrall expand her education for 18 years. I am happy to report that she has it all down pat. She will be my Dentist forever!

Best place ever! This is the one dental office you can expect top notch care from. I have been going to Forever Smiles for many years and will not go anywhere else, even after moving further away. Shawna is my hygienist; she takes wonderful care of me and my anxieties.

I moved to Texas a year ago was having a hard time finding the right dentist but I felt at home at this dentist. After having tried others I have found this staff to be friendly, personable, professional and knowledgeable. Now as for Dr. Abayomi, she has lived up to her reputation today. She took her time during the exam, and explained everything afterwards. I had a number of questions and she was more than happy to speak to me. Although the assistant said that it is quiet because the kids are in school, there was just a peace that resided there. The office is also very clean and organized. Thank you Forever Smiles for taking such good care of me.

The only thing that exceeds Dr. Modrall's gentleness is her competence. From the setting of the appointment, sign in, examination, treatment, to accounting, the service I received was A++. It reminded me what life was like "pre-COVID" when the consumer had the privilege to do business with real professionals.

Dr. Abayomi was amazing. She did a great job cleaning my teeth and explaining to me. It was a painless experience. What I appreciated most was that she didn't try to push extra procedures on me that my insurance wouldn't cover.
